

88TH CONGRESS } SENATE } REPORT
2d Session } } No. 1116

MAKING CONTINUING APPROPRIATIONS FOR THE
FISCAL YEAR 1965

JUNE 25, 1964.—Ordered to be printed

Mr. HAYDEN, from the Committee on Appropriations, submitted the
following

REPORT

[To accompany H.J. Res. 1056]

The Committee on Appropriations, to whom was referred House Joint Resolution 1056, making continuing appropriations for the fiscal year 1965, and for other purposes, report the same to the Senate without amendment and with the recommendation that the joint resolution be passed.

This joint resolution provides for appropriations for the continuing of the operation of these functions of the Federal Government for which appropriations for the fiscal year ending June 30, 1965, have not been enacted. The appropriations made in this joint resolution remain available until August 31, 1964.

In those instances where an appropriation bill has passed both Houses of the Congress and the amounts or authority therein differ, the pertinent project or activity shall be continued under the lesser of the two amounts and the more restrictive authority. If an appropriation bill has passed only one House of the Congress, or if an item is included in only one version of the bill as passed by both Houses, the pertinent project or activity shall be continued at a rate of operations not exceeding the fiscal 1964 rate or the rate permitted by the one House, whichever is the lower.

In those instances where neither House has passed an appropriation bill for the fiscal year ending June 30, 1965, and budget estimates are pending, the project or activity shall be continued at the fiscal 1964 rate or the rate provided for in the pending budget estimate, whichever is lower. Projects and activities of the National Aeronautics and Space Administration and Grants for Library Services, Office of Education are examples of activities that will be continued in this manner.

The joint resolution provides for the continuation at the fiscal 1964 rate of the following programs in the Department of Health, Educa-

tion, and Welfare where statutory authorization expires on June 30, 1964, and bills to extend such authorizations are pending: Public Health Traineeship Grants under section 306 of the Public Health Service Act, as amended; Professional Nurse Traineeship Grants under section 307 of the Public Health Service Act, as amended; Hospital and Medical Facilities Construction Grants under parts C and G of title VI of the Public Health Service Act, as amended; Assistance for Re-Patriated United States Nationals under section 1113 of the Social Security Act, as amended; and activities under the appropriation "Juvenile Delinquency and Youth Offenses."
